

MVP STUDIO SERIES

VIDEO AND FILM STUDIO ENHANCER ILLUMINATORS

SNOOT AND ILLUMINATOR SHOWN 12" SNOOT ON 1-SL-2FT55/830-M1747-SS-120

FEATURES Maximum Video Performance is attained through leading edge optics, materials and electronics. The 12 inch extended snoot includes an optical reflector to improve light control and provide desired zonal distribution. The 1-SL-2 Illuminator when fitted with the 12 inch Snoot doubles center of target illuminance. Reflector material is highly specular with a 99% Color Rendering due to uniform spectral response. The 1-SL-2 is very efficient, consuming only 100 watts. When fitted with The 12 inch snoot, luminance is 9,600 candlepower and center of target footcandles reach 65 at 12 feet. The 1-SL, with the 12 inch snoot is a fluorescent, studio light with "PUNCH". The MVP Studio Series blends well with HMI's, Quartz and other conventional light sources. The Series also includes Normal (general) and Wide light distribution designs. The MVP Studio Series is specifically designed to provide uniform, cool, high intensity, flicker free, high quality lighting.

SPECIFICATIONS Reflector exhibits 95% specular reflectance. Spectral response is flat over the visible spectrum. Housing is light weight, coated aluminum. Exterior finish is matte black. Snoot is U/L listed. See reverse side for performance and dimensional data.

- **Fluorescent Key Light**
- **Snoot Collimates And Concentrates Light**
- **20 Degree Cutoff**
- **Accents And Highlights Target**
- **700 Lux @ 12 Feet**
- **Light Weight**
- **Slides Into Gel Slot Of Illuminator**
- **Gel Slot Provided At Snoot Aperture**

MVP STUDIO SERIES

STUDIO ACCENT ILLUMINATOR EXTENDER SNOOT

12" SNOOT FOR 1-SL

WEIGHT	4 LBS.
LUX @ 12 FEET	700
FOOTCANDLES @ 12 FEET	65
PEAK CANDLEPOWER	9,657
HOUSING	ALUMINUM
EXTERIOR FINISH	MATTE BLACK
INTERIOR FINISH	95% SPECULAR
MOUNTING	IN 1-SL GEL SLOT
APERTURE GEL SLOT	YES
LIGHT CUT-OFF (ACROSS)	20 °
LIGHT CUT-OFF (ALONG)	45 °

THE MVP STUDIO SERIES INCLUDES

- 1 + 2 LAMP ACCENT (TARGET) ILLUMINATORS
- 2, 4 + 6 LAMP WIDE SOFT LIGHTS
- 1', 2' + 4' LENGTHS X 6", 1', + 2' WIDTHS
- LAMP COLORS @ 3000, 3200, 3500, 4100, 5400 KELVIN
- BALLAST VOLTAGE 120, 277 AND 240 50 Hz
- DIMMING ON MOST MODELS
- CUSTOM DESIGNS TO SUIT YOUR NEEDS
